PUBLIC MEETING & WORKSHOPS

Workshop Notice – R02-01-011, Decision 03-05-034, Direct Access Switching Exemption

June 6, 2003
10 am

California Public Utilities Commission
505 Van Ness Ave, Auditorium
(Corner of Van Ness Avenue and McAllister Street)
San Francisco

Decision 03-05-034 directs the Commission's Energy Division to convene a Rule 22 Working Group meeting within 30 days of the decision. The Rule 22 Working Group was originally established in 1997 during electric industry restructuring to provide a forum that allowed technical and management-level staff from utilities, ESPs, and other industry participants to work together cooperatively to develop, refine, and implement the tariff rules and business practices necessary to support effective retail competition in the direct access market.

As directed by the Commission (D.03-05-034, mimeo, p. 12), this meeting of the Rule 22 Working Group shall:

address necessary implementation details associated with the switching rules adopted in the decision, as well as the process of notifying grandfathered DA customers concerning their options for returning to DA within a 45-day window period.

identify any unresolved implementation issues for which no consensus can be reached, and subsequently produce a report identifying such remaining issues so that the need for further hearings or other process to address remaining contested issues may be considered.

address the issue of developing a tariff-based solution--for those DA customers who return to bundled service--to provide repayment of an appropriate share of accrued Direct Access Cost Responsibility Surcharge undercollections.

Pursuant to Ordering Paragraph 8 of D.03-05-034, the PG&E, SCE and SDG&E shall jointly develop advice letters to implement tariff changes and implementation timing and

details necessary to comply with the provisions of this order (including the recovery of undercollections). The draft advice letters will be circulated to the service list by the utilities on June 3rd. A more detailed draft agenda will also be circulated prior to the workshop.

This workshop is open to the public. Please address any questions regarding the workshop to Steve Roscow of the Commission's Energy Division, at (415) 703-1189 or by e-mail to (scr@cpuc.ca.gov).

Workshop Notice – Draft Resolution E--3711 (Electronic Billing)

<i>June 12, 2003 10 am - noon</i> <i>The workshop will begin at 10:00 a.m. and is expected to last until noon, but it may be extended into the afternoon, if necessary.</i>	<i>California Public Utilities Commission 505 Van Ness Ave, Training Room (Corner of Van Ness Avenue and McAllister Street) San Francisco</i>
--	---

In view of the comments the Commission has received on the Draft Resolution E-3711 issued March 3, 2003 by the Energy Division, we are calling a workshop to discuss the extent and form of any consumer electronic billing.

We will focus on the electronic billing programs being proposed for residential and small commercial customer, and associated consumer protection measures. We will also ask for explanations of the current billing practices for direct access customers and core aggregators, and of any changes in those practices that are being considered by the public utility corporations.

Southern California Edison (Edison), Pacific Gas and Electric Company (PG&E), San Diego Gas & Electric Company (SDG&E), and Southwest Gas (Southwest) should bring proposals for implementing electronic billing, for any consumer protection measures that may be necessary or useful, and for resolving differences they may have with the recommendations set forth in Draft Resolution E-3711. Other parties may also bring proposals.

This workshop is open to all parties. If parties other than PG&E, Edison, SDG&E, and

Southwest plan to attend and make proposals, they should contact Maurice Monson of the Energy Division. Please address any questions on the workshop to Maurice Monson at (415) 703-3072 or by e-mail to (mdm@cpuc.ca.gov).

5/27/03	I00-11-001	Order Instituting Investigation into implementation of Assembly Bill 970 regarding the identification of electric transmission and distribution constraints, actions to resolve those constraints, and related matters affecting the reliability of electric supply.
---------	------------	--

Summary: On May 21, 2003, Karen Tomcala, Vice-President, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Cmmr. Brown in San Francisco.

Also present were David Gamson, Belinda Gatti, and Peter Hanson, advisors to Cmmr. Brown, Todd Edmister of the Legal Division, and Brian Cherry, Director, Regulatory Relations, PG&E. Bob Mitchell of TransElect participated by telephone. Cherry stated that PG&E supported the proposed decision of Cmmr. Peevey, which would grant PG&E's request to withdraw the application for a certificate of public convenience and necessity (CPCN) on Path 15. Cherry explained PG&E's obligations under the interconnection agreement with WAPA and noted that the construction activities necessary to comply with federal law do not require a CPCN. Tomcala also noted that PG&E's work related to Path 15 was limited to interconnection of the new WAPA line and was being done in compliance with GO-131D.
